NUMBER 59

PRINCE ALBERT WANTS ROAD

Saskatchewan City Wants Connection With C. N. R. Main Line

Ottawa, Mar. 9.—Mayor J. E. Bradshaw of Prince Albert, and J. A. Bell are here today and will interview the Government on Tuesday, when they will be joined by the members and Senators for Saskatchewan and ask that the Government guarantee the bonds of the Canadian Northern Railway from Prince Albert to Battleford, to connect with the C. N. R. transcontinental line.

PROFESSIONAL SECTION MEETS

The first meeting of the professional section of the board of trade was held yesterday afternoon and H. C. Taylor was elected permanent chairman and representative of the section on the board.

Prof. Riddell, who is an active member of the professional section, brought to the members of the section one very important point in the matter of education. The professor stated that in the matter of commercial education, the great difficulty to be contended with by the schools handling this line was that there was no such thing as a standard that the pupils had to reach in order to prove their proficiency. Pupils who came to the Alberta, as to every other college, stayed there long enough to learn a part of the course, but not long enough to become fully proficient. When they left, there was no government standard by which the business man wishing to employ their services might judge whether they had acquired a practical education in the commercial lines or not. What Professor Riddell recommended was that the board take the matter up and go to the board of education or the minister of education of the Province and suggest that commercial examinations should be provided for under the auspices of the department of education and certificates for proficiency issued, just as they are issued now in regard to entry to the model school or graduation from the high school.

ROWTH OF THE EMPIRE

Area Has Increased One Half and Population in Greater Proportion in Forty Years

London, Mar. 10.—As the outcome of a suggestion by Joseph Chamberlain when he held the post of Colonial Secretary a unique bluebook was published yesterday recording and tabulating in 300 pages, forty years growth of the British Empire as revealed by the census of 1901. The bluebook shows that since 1861 the area of the Empire has increased from 8,500,000 to nearly 12,000,000 square miles and the population from 250 million to 400 million of which only 54 million are white and 58 million Christians.

MAIL SERVICE ON C. N. R.

The continued pressure by the board of trade in regard to the unchanged mail service over the Canadian Northern seems at last to have awakened the Government to a sense of the urgency of the case. The following telegram was received yesterday by the president:

"A. T. Cushing,
President Board of Trade,
Edmonton—

Your telegram sixth received. Matter pressed strongly upon the attention of Postmaster-General. Hope to have favorable conclusion at an early date."
—FRANK OLIVER.

STRATHCONA LIBERALS WILL ENTERTAIN PREMIER

The Liberal Association of Strathcona will give a banquet to Premier Rutherford in the Ross Hall at Strathcona on Thursday evening March 22. Prominent Liberals from all over Alberta, the entire legislature of the province, Hon. Walter Scott to speak for the twin-sister province and Senator Talbot, will be present. The best music that the country affords will be retained for the occasion and M. Beauchamp, of the Strathcona Hotel, who is caterer, is arranging for such a spread as has been never before seen in the north country.

FIRST RECITAL LAST NIGHT

Students of Alberta Gave an Entertainment in McDougall Church

The auditorium of McDougall Methodist church was well filled last evening, when the students in music and elocution at Alberta College, gave their first recital of the season, under the personal direction of Mr. Percy S. Hook. It was a musical treat such as is not often offered in Edmonton, and the large number present thoroughly enjoyed every number of the program. The vocal selections and readings were an especially pleasing feature, although the students of the piano contributed chiefly to the program. Miss Anderson, the young lady vocalist, who is not altogether a stranger in musical circles in the city, sang with remarkable sweetness and expression. The humorous reading by Miss Knowles, "Jimmy Brown's Steam Chair," was a number which called forth loud applause. C. M. Tait also gave a reading, which, though not along the humorous line, was none the less enjoyed, because of the expressive style in which it was rendered. The gentleman vocalist of the evening was Mr. Gilson, who rendered Rodney's "Resurrection Morn." Mr. Gilson is developing a rich and powerful voice.

The piano selections were all rendered with excellent execution, and the apparent success of the students once more testified to the ability of the instructors of the institution.

Following is the program in full of the recital:

Two Piano (eight hands)—"Friederichs-march," Wagner; Misses Battrick, Anderson, Grant and Mr. Hook.

Piano solo—"Polish Dance," Charzewski; Miss Olive Heathcote.

Vocal—"Flight of Ages," Bezan; Miss Anderson.

Piano Duet—"Invitation to the Waltz," Weber; Misses Heathcote and Anderson.

Piano Solo—"Mennett in A," Welsman; Miss May Stretch.

Reading—"Jimmy Brown's Steam Chair," Miss Knowles.

Piano Solo—"Hexantanz," MacDowall; Miss MacIsaac.

Piano Duet—"March Militaire," Tschalkowsky; Misses Kemp and Crawford.

Vocal—"Resurrection Morn," Rodney; Mr. Gilson.

Piano Solo—"J'y Pen," Meyer Helmer; Miss Anderson.

Reading—"How the La Rue Stakes Were Lost," C. N. Hood; Mr. Tait.

Piano Solo—"The Chase," Rheinburg; Miss Battrick.

Piano Duet—"Hunting Song," D'Ouville; Misses Stretch and Anderson.

Piano Solo—"Impromptu in A flat," Schubert; Miss Heathcote.

Two Piano, eight hands—"Grosser-kriegsmarch," Wagner; Misses Hughes, MacIsaac, Stretch and Blayney.

NO SNOW AT THE LANDING
Athabasca, Mar. 9.—The weather is mild here and sleighing all gone. The Little Slave River is reported in a dangerous condition. A large quantity of freight is leaving for Slave Lake every day for the H. B. Co., and Revillon Bros. stores in the far north.

Yesterday before P. Woods and W. L. Woods, J. P. S. Alfred Plant, who lives on the Landing road about twelve miles from town was fined one hundred and fifteen dollars for selling contraband liquor.

Corp. Gurney, who has been in charge of the R. N. W. M. P. detachment at this point has been transferred to head quarters and Constable Rockwell is now in charge and intends moving his family here from Fort Saskatchewan in a few days.

Mr. J. Gagnon, who has been south for some days has returned.

Mr. Bentley, who has charge of Collins Johnston's trading post at Nahas-caw left for that point yesterday.

THE WEATHER
Winnipeg, Mar. 10.—The weather has been fair and moderately cold in Alberta, temperature from 4 to 34. Throughout Saskatchewan and Manitoba, it has become very cold with light scattered snow storms, the minimum thermometer registered as low as 16 below at Prince Albert and from 2 below to 8 below at other points.

Fortcast, Manitoba and Saskatchewan fine, and quite cold today and on Sunday. Alberta fine and cold today and Sunday.

SKATING TO-NIGHT.
The rink will be open for skating to-night, and the ice is in excellent condition. This will be probably the last of the season. The last hockey match of the series between Strathcona and Edmonton will be played on Monday night.

LAST NIGHT'S PRIZE WINNERS

Strathcona Carnival Was a Very Enjoyable Affair

The fancy dress carnival given in the Strathcona rink last evening was well attended and in every way successful. The ice was in splendid condition and about seventy-five were in costume. After the prizes were awarded, general skating was allowed and a large number availed themselves of the opportunity. The band was in attendance. Following were the prize winners:

Ladies' best costume—Mrs. Colclough.

Lady's best comic costume—Mrs. McLean.

Gentleman's best costume—D. Durand.

Gentleman's best comic costume—H. Miles.

Girl's best costume, under 16 years—Miss Campbell.

Girl's best comic costume, under 16 years—Miss Jones.

Boy's best costume, under 16 years—H. Somersall.

Boy's best comic costume, under 16 years—P. Richards.

Girl's best costume, under 12 years—Miss M. Piper.

Girl's best comic costume, under 12 years—Annie Shepherd.

Boy's best costume, under 12 years—R. Piper.

Boy's best comic costume, under 12 years—C. Skinner.

Best couple, lady and gentleman—Miss Lendrum and Mr. McArthur.

Best couple, boy and girl, Lena Armstrong and Joe Scarboro.

ALDERMAN BOYLE TENDERS HIS RESIGNATION

The following letter while it is addressed to the city council, has a large local interest as Alderman Boyle in his work at the city hall had many supporters, among some of whom there seems to be a slight misapprehension. In some quarters the fact that Alderman Boyle's resignation came at the same time as the vote which retained the engineer, has been misconstrued to mean that he was withdrawing through pique. The formal resignation should banish any such delusions.

Edmonton, Mar. 7, 1906.
To the Mayor and Council,
of the City of Edmonton.
Gentlemen:

I hereby beg to tender my resignation as Alderman and trust that you will be good enough to accept same. I regret being obliged to resign at the present time, but the approaching session of the legislature makes it imperative that I do so. I feel that it would be unjust to the people of the City to continue to hold a seat at the Council Board, when my time is so much occupied with other public duties, that I am no longer able to give the time and attention to civic matters that they deserve.

The reason that I have not tendered my resignation sooner was that I thought it only fair to the city that I retain office until the charter should be amended permitting an election to fill the vacancy. This will no be possible in a few weeks, when the charter amendments have been obtained and in the meantime as I will be unable to attend to civic business, I trust you will relieve me from further responsibility.

Yours truly
(Sgd.) J. R. BOYLE.

FISHER MAY BE SPEAKER
While no information on the subject has been given out, it is rumored that C. W. Fisher, M.P.P., for Banff, will probably be speaker for the first legislature, and that C. S. Stuart, member for Gleichen, will move the address in reply to the speech from the throne.

INSURANCE MEN ON THE ANXIOUS SEAT
Albany, Mar. 10.—Probably never before has a more remarkable gathering of life insurance men been assembled under a single roof than that assembled today in the State capital in connection with the hearing of the pending amendments to the insurance law. The hearing on the bills was heard before the joint special legislative investigation committee which drew upon itself first fall the attention of the entire civilized world by its ruthless and increasingly sensational exposures of many conditions surrounding the business of life insurance. Today's hearing was the first public opportunity of the insurance companies to express themselves upon the provisions of the bills presented by the committee to the legislature as a result of its investigation and great and small companies concentrated a powerful personnel upon the occasion.

ANOTHER FIGHT WITH THE MOROS

Manila, Mar. 10.—An important action between forces and hostile Moros has taken place near Jolo. Fifteen men were killed and a commissioned officer and four men were wounded. A naval contingent operating with the military sustained thirty-two casualties. The Moros lost 600.

FORT WILLIAM OLD TIMER GOES
Fort William, March 10. ... Citizens were shocked today when the sudden death of Police Magistrate Newcombe was made known. He was apparently in the best of health and attending to his official duties yesterday. He got up at five o'clock intending to take the early train for the up line on official business when he was suddenly taken ill. Doctors were called, but he had expired before their arrival. Deceased was one of the old timers, taking up his residence in Fort William in 1883.

MENNONITES WILL MOVE
Winnipeg, Mar. 10.—There is going to be a large immigration of Mennonites from the reserve in Manitou this year," states the Morden Chronicle.

"Already over 400 persons including women and children, belonging to the Rhineland Mennonite Association, have decided upon moving to Saskatchewan. The majority of these are going to the new reserve south of Swift Current.

NEW SENATOR WILL MOVE ADDRESS
Ottawa, Mar. 9.—Senator DeVeber will move the address in the senate in reply to the speech from the throne.

The Canadian Forestry association will hold its meeting next summer in Vancouver.

ITALIAN LADY KILLED
Rome, Mar. 10.—Marchioness de Corsini, formerly Princessa Barberis, was killed last night by the overturning of an automobile in which she was riding with her husband, who is King Victor Emmanuel's master of horse.

EVERYBODY WORKS
Toronto, Mar. 10.—The remaining eight out of fifty-two prisoners who refused to do outside work eight days ago at the jail, because of the cold, gave in after living eight days on bread and water. One prisoner who tried to escape now works with a ball and chain attachment.

KILLED ON CROW LINE
Medicine Hat, Mar. 10.—Jas. Alexander, a native of the Orkney Islands, who came to Medicine Hat last year, was buried yesterday as the result of being in a wreck on the Crow line.

Building is becoming very active in the city lately and judging by the number of permits being issued at the city building inspector's office there is going to be a very active spring.

Up until a day or two ago there was little doing in the building line except residences, but lately there have been quite a number of permits taken out for office buildings and stores. So far all the buildings arranged for are comparatively small, but there is talk of a number of big buildings to go up this summer and some of them will undoubtedly materialize in the near future.

In the meantime permits are going out at the rate of about 10,000 a day. Yesterday was a pretty fair day in the building line. W. H. Martin took out a permit to build a harness factory and warehouse at the rear of the building recently vacated by Lubbock & Moffat, which he proposes moving into in the immediate future. The factory will be a two story structure facing on the lane, 25x40 feet, costing \$2000.

F. Degenhardt is building an office building on the west side of Second street between Jasper and Athabasca, at the cost of \$1800.

Chas. G. McLeod has been given a permit to build a brick residence on the west side of Third street, between McKay and Hardisty, at a cost of \$1800.

Mr. Heathcote is going to build a house on Heimlich street at a cost of \$900.

K. Olson has taken out a permit to build a residence on the south side of Picard at a cost of \$300, and Leon Levoile will build a cottage on the east side of Eighth.

MANY SETTLERS FOR ALBERTA

Train in Three Sections on Main Line Yesterday—Many for the North

The first of the spring rush of settlers reached Calgary yesterday morning when the westbound train on the main line of the C. P. R. arrived in three sections having on board 730 settlers for all parts of the province. When the C. & E. express pulled out for the north there were nine coaches in the train, having on board at least five hundred settlers for points along the line. A coach was dropped at Lacombe with the parties going out the Settler Branch, another coach was dropped at Wetaskiwin with settlers for the dayland branch and the rest of the passengers scattered at various stations along the line, about a hundred of them coming as far as Strathcona. The settlers are all from the United States and taken as a whole, no more desirable settlers have ever reached the province of Alberta. They are all farmers and all in circumstances such as will permit them to buy or take up land in convenient locations and commence farming at once.

PATTEN BUYS A SEAT
Winnipeg, Mar. 10.—Another record figure has been paid for a seat on the Winnipeg Grain Exchange and the membership roll now contains a name known the world over in speculative grain circles. James R. Patten of Chicago, the famous old king, one of the most prominent men and one of the most daring speculators in the grain trade in America has just purchased a seat on the local exchange, paying therefor \$2,400 which is the highest price yet paid for a seat here.

EVERYBODY WORKS
Toronto, Mar. 10.—The remaining eight out of fifty-two prisoners who refused to do outside work eight days ago at the jail, because of the cold, gave in after living eight days on bread and water. One prisoner who tried to escape now works with a ball and chain attachment.

- We won't have this long on our books. Easy terms.
- \$4,300** for a large p-to-date house on Sixth street. Near Jasper.
- \$3,300** large corner block on Jasper ave. East end, close in with a swell new house on it. Good terms.
- \$6,500** for corner position two lots, facing the C.N.R. station. Easy terms this will soon sell at a big advance. Terms.
- \$900** Each, for two lots on Third street H.B.R. corner view lots and not far down the hill these must be sold this week and at this price, we can easily sell them. Terms are \$300 down and balance easy.
- Our list of houses in the East end is very large from \$5,000 down to \$1,000 for house and lot and on very easy terms.
- The additor's report for 1905 was presented, which on motion of Aldermen Douglas and McFarland was held over until next meeting.
- A petition for a 4-foot sidewalk on Macdonald avenue in front of Block 76 was on motion of Aldermen Douglas and Elliott, referred to Public Works Committee with power to act. Tenders for engine and boilers for electric light plant were read by the Sec-Treas. from Leonard & Sons, London Ont.; Warren Electric Manufacturing Co., Ontario; Can. Western House Co., Winnipeg; Babcock and Wilcox, Glasgow, Scotland; Goldie & McCollough, Galt, Ont.; Canadian General Electric Co.; Robb Manufacturing Co., Armherst, N. S.; Allis Chambers Co.
- Douglas and Chambers moved that these tenders be tabulated and arranged by town engineers, and referred to Fire, Water and Light Committee to report at next meeting.
- McFarland and Elliott, that council adjourn and meet tomorrow evening at 8 p.m.
- A Chinaman and farmer, gave a free exhibition of their pugilistic powers, today, on Main street. Considerable action, and vim were shown by the actors. The encounter did not cease until the "customary brands" were stamped on the contestants.

NEWSY ITEMS FROM STRATHCONA

The Bulletin's Daily Budget From the Sister Town

Strathcona, Mar. 7.—A regular meeting of the council was held in the council chamber on the evening of March 6th.

Present Councillors Cowles, McFarland, McKenzie and Elliott. On motion of Councillors McKennzie and McFarland, Councillor Cowles was elected chairman.

The minutes of last meeting were read and confirmed on motion of McFarland and Elliott.

Several communications were read. Mr. Mills' communication re electric light was referred to the fire, water and light committee.

Councillor McFarland on behalf of town hall, market and police committee reported they were in favor of advertising for a night policeman at a salary of \$60 per month.

Councillors McKennzie and Elliott moved that the report of the above committee be adopted and that an advertisement for a night policeman, salary of \$50 per month be inserted in local papers, applications to be received until 20th inst.

Mr. A. McLean addressed the meeting as to the advisability of the municipality putting in water works fixtures and charging the same against the property.

The following accounts were read: Dominion Express Co. \$55 Canadian General Electric Co. 216 Canadian Pacific Railway Co. 38.787 Road Bros. 9.56 W. E. Ross 27.90 F. Cowles 55 City of Edmonton. 634.23 A. Grant 450.39 McLean & Co. 27.90 McLean & Co. 1.05 McLean & Co. 1452.23 Brauchamp & Co. 1.30 John Forman 38.75 C.P.R. Co. 75 75 E. Dixon 50 W. E. Ross 545 Evans and Robinson 109.00 Dietz & Main 370.03 Dietz & Main 141.54 Strathcona Coal Co. 17.50 Geo. McDonald. 7.95

These accounts on motion of Councillors McFarland and Elliott were referred to their several committees and it found correct to be paid. Messrs. McKennzie and Elliott moved that the council adjourn and meet on Thursday evening next at 8 p.m. Strathcona Mar. 8.—An adjourned meeting of the council was held this evening in the council chamber at 8:15 p.m.

Present, the Mayor, Aldermen Douglas, McFarland, Elliott, McKennzie and Cowles, Sec-Treas. Downes and Engineer McLean.

Minutes of last meeting read and confirmed.

A letter was read from the Henderson Directory Co., re numbering and naming of streets. This communication was laid over until next meeting.

The Mayor gave a brief interesting account of the Provincial Municipal Association meeting which he and Aldermen Douglas and Richards had just attended at Calgary. He said that the attendance was large and representative, about two-thirds of the provincial municipalities being represented, and that much harmony, and a progressive business spirit prevailed at the meeting, which are indicative of a useful future for the association. He stated too, that the delegates were given a banquet by the Calgary citizens.

The additor's report for 1905 was presented, which on motion of Aldermen Douglas and McFarland was held over until next meeting.

A petition for a 4-foot sidewalk on Macdonald avenue in front of Block 76 was on motion of Aldermen Douglas and Elliott, referred to Public Works Committee with power to act. Tenders for engine and boilers for electric light plant were read by the Sec-Treas. from Leonard & Sons, London Ont.; Warren Electric Manufacturing Co., Ontario; Can. Western House Co., Winnipeg; Babcock and Wilcox, Glasgow, Scotland; Goldie & McCollough, Galt, Ont.; Canadian General Electric Co.; Robb Manufacturing Co., Armherst, N. S.; Allis Chambers Co.

Douglas and Chambers moved that these tenders be tabulated and arranged by town engineers, and referred to Fire, Water and Light Committee to report at next meeting.

McFarland and Elliott, that council adjourn and meet tomorrow evening at 8 p.m.

A Chinaman and farmer, gave a free exhibition of their pugilistic powers, today, on Main street. Considerable action, and vim were shown by the actors. The encounter did not cease until the "customary brands" were stamped on the contestants.

G. T. P. Agreement With City

In view of the report published yesterday that the Edmonton delegation had arranged with the G. T. P. for the fulfillment of the agreement made a year since, provided the surveys are satisfactory, it may be of interest to recall the original agreement between Mr. Morse and Messrs. Short and McDougall on behalf of the city. The agreement is outlined in the following communications:

THE CITY'S OFFER TO THE COMPANY

At Chicago, December 14, 04.
Mr. Frank W. Morse,
Vice President, Grand Trunk Pacific Railway, Montreal, Que.
Dear Sir:-

With reference to our continued conversation of December 13th, on the subject of location of the Grand Trunk Pacific Railway in Edmonton, we may say that it will be impossible for the City of Edmonton to secure and give to your company the property they asked for south of the Canadian Northern location, but as an alternative proposition, we, as a committee duly representing the City of Edmonton make you the following proposition:

First--The city of Edmonton will give to the Grand Trunk Pacific Railway a cash bonus of one hundred thousand dollars (\$100,000.00) also a right to lay down, maintain and operate one or two tracks for as long as will be available by the railway, over any property now owned by the city of Edmonton and over and along any streets that may be encountered within the limits following, that is to say, from the east boundary of river lot fourteen; across block sixteen, river lot fourteen; thence across Kinsella avenue; then along Seventh street; thence across Namsay avenue; thence across block seven in river lot ten; then across Fraser street; then across block eight in river lot ten; then across Queen's avenue; then along Lytle street; then across McDougall street; then across lots one hundred and twenty-four to one hundred and seventeen in river lot six; then across First street or in other words, along the right of way secured by the corporation on which to permit the Canadian Northern Railway to lay their tracks from the east boundary of river lot fourteen, to their five hundred foot strip between Mackenzie avenue and Columbia avenue, - the understanding being that the above right of way will be given in common between the Canadian Northern and Grand Trunk Pacific Railways, provided, however, and the intention is that city given running rights over these streets only so far as without additional expense it is now in a position to give.

Second--And that on account of it being your request that the passenger business and Edmonton freight business has kept as near as possible to the present centre of the City, we are further willing to give to the Grand Trunk Pacific Railway the right to lay down, maintain and operate on and along the south forty feet of Mackenzie avenue such tracks as it will accommodate, to be occupied by the railway as long as availed of for carrying on its business, and that the railway shall be privileged to lay down from such tracks other tracks for the proper service of warehouses and other industries that may locate adjacent thereto, the City of Edmonton requiring that the right of the Grand Trunk Pacific to lay such tracks to serve such wholesale houses and other industries shall be subject to an equitable arrangement with the Canadian Northern, and such as the Canadian Northern will grant over their tracks, the confines contemplated by this clause being within First street, on the east, Peace avenue on the south, Tenth street on the west, and Vermilion avenue on the North, and there will be no objection to the railway acquiring a strip along the south side of Mackenzie avenue, one hundred feet wide, to provide for tracks, etc.

Third--The City of Edmonton further agrees that it will exempt the railway from municipal taxation for five years from this date.

Fourth--And that the Railway's total assessment for municipal purposes for a period of twenty years commencing January first, nineteen hundred and nine shall only be upon the actual valuation of the land at the time purchased by the railway, that is, shall not be decreased by any bonuses allowed or deduction in the nature of a bonus allowed to the railway.

Fifth--The city will make the payments of one hundred thousand dollars either by giving to the Railway debentures bearing four and one half per cent interest, or cash, as fast as required for payment on the land, the balance as soon as the Railway is in active operation in either direction from Edmonton. The lands to be acquired shall be for railway purposes on the broadest sense of the term.

For south of Rat Creek, where also the through line for freight shall be, and that the railway will, with Edmonton, co-operate in making it a wholesale and distributing point.

"B" That the railway will be agreeable to a union station with the Canadian Northern, and such other railways as may be in position to avail themselves of such location; that such union station shall be on Canadian Northern location or immediately south or north or east thereof on First street.

It is, of course, understood that if you are unable to perfect arrangements whereby you shall avail yourselves of the McKenzie avenue location, the city will be willing to agree to your localizing immediately north of the Canadian Northern Railway, or at Rat Creek. The station would, of course, require to be on First street, and the other provisions would, subject to change of location, apply. If it so happens that you arrange with the Canadian Northern to move northward, the City will co-operate with a view to arriving at a satisfactory arrangement as between the railway interests on the one hand and the City on the other.

It is understood that this proposition is subject to ratification by a by-law to be submitted for the approval of the ratepayers, as provided by the City Charter.

If this meets with your approval, we should be glad to have your acceptance of the same.

Yours truly,
(sgd.) W. M. SHORT.
(sgd.) J. N. A. McDUGALL.
At Chicago, December 15 1905

Messrs. William Short, Jno. A. McDougall, committee representing the City of Edmonton.

Gentlemen:-Your favor of December 14. Reviewing the conditions under which the City of Edmonton will facilitate and extend aid to the Grand Trunk Pacific Railway, in entering and establishing themselves in your City, received.

I regret that the suggestions originally made, viz, that you acquire for us the territory bounded by Mackenzie ave. on the north; First street, on the east; Athabasca ave. on the south; and Block sixteen, on the west, cannot be complied with. I can readily understand, however, the difficulties, as you explained them, personally. Therefore, the alternative proposition seems to be the next best, and the conditions contained therein are accepted as a basis to form the final agreement.

I, therefore, request that you have prepared, for submission to your ratepayers, a by-law providing for the assistance as has been outlined in your letter, and we will have put in legal form the necessary agreement, also have our engineers look into the proposition immediately, to see which of the proposed schemes is feasible, and will communicate with you at the earliest possible date.

I trust to be able to take the subject up with you on the ground, at the same time, submitting the completed agreement to you, which I think, can be arranged for early in February.

Yours truly,
(sgd.) FRANK W. MORSE,
Vice President.

IF THE G. T. P.

begins construction in Edmonton this summer, and the chances are 100 to 1 that they will, there will be such a move in real estate as the city has not yet seen.

INVEST NOW

and be prepared to make some money when the move materializes. Nothing better than WESTMOUNT for a safe investment--lots are high and dry; price \$100 up; terms very easy. The whole survey lies between the city and the West end city park.

We have a large list of lots on the Groat Estate. This estate has made more money for investors during the past three months than any other part of the city.

We have some of the very choicest inside property in the city. See our list before buying.

CANADIAN MANUFACTURERS AND PREFERENCE

Ex-President George of the Canadian Manufacturers Association declared recently that Canada does not demand a preference from Great Britain, because Canada is prosperous and does not need such preference. It does not appear to have occurred to the ex-president of the Manufacturers Association that for Canada to demand that the people of the motherland erect a tariff wall about their country in order that they may be able to grant favors to the colony would be an act of presumption on the part of Canada which would not likely further the cause of preference or the amicable relations existing between the motherland and the colony. Canada's attitude towards the fiscal policy of Great Britain is and should be that that policy is the business and the exclusive business of the people of Great Britain. The tariff favors that have been granted by Canada to Great Britain have been granted voluntarily and have been granted not more for the benefit of the British manufacturer than for the benefit of the Canadian consumer. For such favors the British manufacturer owes nothing to the efforts of the Canadian manufacturers and the recent representations of these gentlemen before the tariff commission make it sufficiently clear that any further extension of the preference to British goods must be made without their assistance and probably despite their opposition. In discrediting the development of preferential relations between Great Britain and Canada the Canadian manufacturers are but adding evidence that they do not welcome the competition of the British manufacturer in the Canadian market.

COMFORTING DOCTRINES

An unseemly modesty of expression has seldom belied the fervor of spirit with which Canadian tariff discussions have been carried on. Canadians have been accused of being a serious people and our most ardent champion would be forced to admit that the language in which our fiscal debates are conducted amply warrants the accusation. We fancy however, that a new record has been made in the class of solemn pronouncements on the tariff question when the Winnipeg Telegram avers that "the Canadian who believes in the free importation of American goods is 'incompetent to have any opinion at all.'" The remark is at least unequivocal. There is no attempt to avoid the issue or to shirk the plain admission that the Telegram considers the Free Trader a fool. Whether this is the case may be more or less a matter of opinion, but the high tariff journal of the west admits no disturbing doubt and puts on record its deep conviction that if any man believe the unhampered exchange of commodities with our southern neighbors would work for the advantage of himself and his country by the same token he is proven 'incompetent to form an intelligent opinion.' Nor is his incompetency limited to the tariff question. Lacking the proper conception in this matter he must be off-side on all other questions. Monomaniac or eccentric he cannot by any possibility be, but an all-round idiot. Protection, it would seem, is an elevated view point whence and whence alone one may survey the universe in true perspective. From this vantage ground we are assured that none may see amiss while those who have not clambered thither are wandering blind and helpless in the mists and vapors of the lower levels. It is probably an oversight that this frank declaration is not followed by an equally frank proposal to deprive said "incompetents" of the privilege of the franchise. However comforting this self-complacent doctrine may be it requires no genius to conjure up its complement. Free traders who incline to differ with the opinion of the Telegram as to their mental condition may draw their consolation from the converse maxim, which is quite as well supported by the testimony of reason and facts, that "The Canadian who does not believe in the free importation of American goods is incompetent to have an opinion at all," and may follow it with the quite logical conclusion that said non-believers should not be allowed to vote, if not with the proposal that in the public interests they should be prevented from running at large. The maxims are equally egotistical, equally foolish, equally narrow and equally comforting to their advocates.

HUDSON BAY ROUTE.

Rollin E. Smith, one of the best posted grain men of Minneapolis gives his opinion of the Hudson's Bay route as an outlet for Western Canadian wheat to the old country in a recent number of the Commercial West. That Mr. Smith thinks the route is destined to be the chief outlet for the country's surplus grain products, and that it is also the best one is also evident by the following article written by him.

years dreamed of the north Passage to India, so have the Canadians of the West and Northwest dreamed of a Hudson Bay route to Europe. At last the dream of the latter is about to be realized and the wheat fields of Saskatchewan which promise to be one of the greatest wheat growing countries of the world—will be as near Liverpool as are the fields of western New York. Already a railway is completed to within 600 miles of Hudson Bay, the general course of the branch which will be extended to the bay has been decided upon, and the line will be completed within the next four years. A steamship line will, as soon as the rails are laid at the bay, at once establish a line of steamers to ply between Europe and the new port in Canada.

The project is that of Mr. William Mackenzie, president of the Canadian Northern railway and the J. J. Hill of Canada.

Investigation as to the feasibility of the new route Mr. Mackenzie asserts dispels some of the uncertainties that have long been regarding it. Yet it is a fact that little is generally known of the possibilities or impossibilities of navigation on Hudson Bay, because there has never before been a real commercial need of an outlet for Canada via the bay.

Conditions in Northwestern Canada have, however, changed very materially within the last three years or so. Railroad building has opened up vast tracts of fertile land and the farm land boom in the United States has sent thousands of farmers across the line, where cheap lands can still be had. The result has been the greatest grain crop in 1905 Canada has ever raised. Of wheat alone the crop is estimated at 90 million bushels; and the crop is also heavy. A very large percentage of the wheat crop must find a market in Europe and it is beyond the capacity of the railroads to haul the grain offered before the close of navigation on the lake. This will result in much grain being carried through the winter at Lake ports, although some, of course, will take the long all-rail to the seaboard.

But this is only the beginning of crop congestion in the Canadian Northwest. The increased production during the next five years is bound to be relatively so much in excess of the demand that the development of the country have been reversed. Until recently the railroads led the country. Now the country is leading the railroads faster than the land can be built.

This congestion, dependent upon such a condition must be provided for—a free outlet from these great wheat fields is a positive necessity and Hudson's Bay is the ideal theoretical outlet. But it is practical? Mr. William Mackenzie says that it is. Mr. E. Walker, manager of the Canadian Bank of Commerce, of Toronto which has many branches through Canada and who is deeply interested in the commercial development of Northwestern Canada, agrees with Mr. Mackenzie. Mr. Walker has investigated the matter thoroughly and believes there is no question regarding its practicability.

The advantages of the Hudson's Bay route cannot be over estimated. It means that the centre of this great wheat country will be as near a seaport as it is now to Lake Superior. Practically the whole haul from Fort Churchill or Lake Superior to the board will be eliminated. Furthermore, the North West will receive its European supplies at greatly reduced freight rates and minus eastern jobbers' profits.

The branch of the Canadian Northern road which will be built to the bay will be extended from a point in Saskatchewan just to the west of the northwestern corner of Manitoba. It will extend to the northeast some 600 miles to Fort Churchill and from this point across Hudson's Bay and through Hudson Strait, to the ocean, a distance of 1,000 to 1,200 miles. Fort Churchill to Liverpool is the same distance as from New York to Liverpool.

A prevalent impression is that navigation on Hudson's Bay is only possible for three months in the year, July, August and September. This, however, is an error. Navigation during the summer months is not practical because of the ice. The season of navigation would begin in the fall and extend to the beginning of the following summer with January the best month. Of course ice breakers would be required at the port.

Fort Churchill is latitude 58 to 59 degrees north, and the steamship route would be north-easterly, with the furthest north point in Hudson Straits at 63 degrees north latitude. This Hudson's Bay route is not so far north by many degrees as the northern port of Russia which is the White Sea. Archangel, the most northern port of Russia, is just below 60° parallel and but 150 miles south of the Arctic Circle. Vessels from this port sail northward along Lapland and the northern extremity of Norway, latitude under 72°.

Archangel is an outlet for Siberia, via a railroad running from the Siberian road to the Dwina river in Russia, thence down the Dwina, which empties into the white Sea at Archangel.

The Hudson's Bay route seems easy by comparison, so far as latitude and the handicaps of climate are concerned.

Notice of Dissolution of Partnership
NOTICE IS HEREBY GIVEN that the partnership heretofore existing between the undersigned, of Lesser Slave Lake in the Province of Alberta, merchants carrying on business under the firm name or style of "Bredin & Cornwall," and Bredin Cornwall & Roberts, has this day been dissolved by mutual consent.

Dated at Edmonton, in the Province of Alberta, this 21th day of February, 1906.

DOES YOUR STREET NEED A

Permanent Pavement

If so get a

BITULITHIC PAVEMENT

Because it has proved to be "The Best by Every Test."

This roadway is constructed almost entirely of stone of the best quality obtainable, with a water-tight service that prevents ravelling, and also prevents moisture reaching the foundation.

Some features of this pavement and points worthy of consideration are:

Ninety-five Cities Have Adopted It. Horsemen Prefer It.

Economical to Clean and Repair. Waterproof. Sanitary.

Non-Portus. Never Cracks. Traction Over It Is the Easiest.

The Ideal Modern Roadway.

HOW IT GROWS

TOTAL SQUARE YARDS 188,195

Milwaukee has let contracts to re-surface with "Bitulithic" the concrete of a worn-out asphalt pavement. Columbus, Ga., has let contracts for 15,000 yards of "Bitulithic" in spite of the fact that tenders for brick paving were lower. Why? Because it's cheaper at the price. Why not have "Bitulithic" on your streets? For the year 1905 the contracts for "Bitulithic" in the United States aggregated about 1,300,000 square yards, nearly double the total yardage laid in the year 1904.

"BEST BY EVERY TEST."

That Prof. Alexander has an unusually happy faculty of entertaining an audience was manifested again Thursday night at Robertson's hall, where for over an hour he kept his audience in roars of laughter at witty sallies, or aroused them to hearty applause by intense earnestness in the expression of ennobling sentiments. He held that three things were necessary to make a success in life—nature, study and practice, and that only right selection and earnest effort could expect to reach the heights.

Prof. Alexander's subject last night was "How to Judge Character by Temperament," and it was as usual very ably dealt with. The professor has treated the Edmonton public to a series of lectures which have proven not only entertaining, because of his rare humor, but also have been of a highly instructive character, because of the great importance of the subjects upon which he has chosen to speak.

Tonight the professor will speak upon "Who Are our Benefactors?" and on Sunday he will deliver two lectures to men only, one at 3 p.m., and the other at 8.30 p.m., after the evening services. There should be a large attendance of young men.

POLLING FIGURES AND THE CAPITAL QUESTION

(From the Frank Paper)

In another column is given the official count of the ballots cast in the first Provincial election, held November 9th, last. The figures show the total number of votes actually polled in each of the twenty-three ridings in which an election was held. Two constituencies are not included, Athabasca, where no election was held, and Peace River where the election was declared to have been invalid. The figures show the total vote cast in the province to have been 24,745 exclusive of the two districts named.

The matter of chief interest to be gleaned from the figures, has reference to the location of the permanent capital. The opposition to the capital being permanently located at Edmonton has been based upon the claim that a very large majority of the inhabitants of the province reside south of Red Deer and that in consequence the convenience of by far the larger portion of the population would be better served by having the capital further south. The figures show that 13,199 votes were polled south of Red Deer and 10,628 north of that point.

Add to that number the 400 or 500 votes which it is commonly estimated might be polled in the two districts not counted and the south has approximately 2000 votes the best of the north. That would appear to be about the present status of the situation. When it is taken into account that the population of the province is increasing very rapidly, that the probability is that it will be nearly if not quite doubled within the next five years and that the major portion of the tide of immigration is flowing to the north, it may readily be seen that the situation may and doubtless will be materially altered within the next few years as regards the centre of population and the small margin the best of which the south now has is not only most likely to be wiped out but the north is most likely to have a decided advantage in the very near future in the number of its inhabitants.

Of course we of the south would have our convenience served to some extent, better by having the capital further south but when Edmonton shall have the real advantage which the place is certain to have, the difference to us between Edmonton and any place further south that has a ghost of a chance of getting the capital, is not a matter of large importance. If therefore, we are able to put aside our selfish interest and view the case in absolute fairness and candor, we shall have to admit that if Edmonton is made the permanent capital, as there is little doubt it will be, the selection will be neither as unwise nor as unfair as the opponents of Edmonton could have it appear.

RUBBERO ROOFING

ROSS BROS. LIMITED, have just received direct from the Factory at St. Louis a large shipment of RUBBERO ROOFING in one, two and three ply. It is done up in rolls of two squares to the roll; nails, caps and cement are in the rolls. Any one can put it on, all the tools you need is a hammer. It is a cheap convenient Roofing and very durable. They also have cheaper grade of Tarred Roofing put up in the same way, that for shacks and temporary buildings is just the thing.

THE TRADE SUPPLIED.

Ross Brothers, Limited,
Direct Importers.

I have studied the making of cigars all my life and I know just what style of rolling makes the best smoke.

I have taken the young men of Granby and taught them to make cigars my way—and I watch them to see that each cigar is made that way. If I made every one of my Pharaoh cigars myself they couldn't be more carefully or more perfectly made.

The result is that my

Pharaoh Cigar

is not rolled so tight that it draws hard or so loose that it burns badly—just the right amount of filler, properly held by the binder, and finished with the wrapper so it smokes freely and burns evenly. The test of a cigar is the smoking of it, and I am sure after trying my cigar you will agree with me that it is an excellent smoke.

Every genuine "Pharaoh" cigar is branded "Pharo."

J. BRUCE PAYNE, LIMITED, Granby, P.Q.

J. B. MERCER, Edmonton, Agent

On the Shelf

of every home in Canada there should be found a bottle of Shiloh's Consumption Cure, the Lung Tonic, for Coughs, Colds and all irritations of the throat, lungs and air passages. It is easy to take, gives instant relief and cures permanently.

Generation after Generation

have pronounced Shiloh to be the safest, surest, quickest and best family cure for Coughs and Colds. Nothing has ever been found to take its place in the home. Try Shiloh and be cured, or say you were not and get your money back. Isn't this fair? Mrs. E. James, of Hibbing, Minn., says:—"There is no cure like Shiloh for Coughs, Colds, Croup, Sore Throat, Hoarseness, Whooping Cough, Sore Throat, Hoarseness, Whooping Cough. My eldest son was almost choked. The doctor could not relieve him. He used two bottles of Shiloh and was completely cured. What a cure!"

SHILOH

25c. with guarantee wherever medicine is sold.

\$5,000 REWARD will be paid to any person who proves that Sunlight Soap contains any injurious chemicals or any form of adulteration.

Sunlight Soap

is better than other soaps, but is best when used in the Sunlight way.

Sunlight Soap contains no injurious chemicals.

Sunlight Soap is pure soap, scientifically made. Every step in its manufacture is watched by an expert chemist.

Sunlight Soap saves labor, and the wear of rubbing which common soaps require in washing fabrics.

Your money refunded by the dealer from whom you buy Sunlight Soap if you find any cause for complaint.

Lever Brothers Limited, Toronto.

CREAMERY OPERATIONS

History of Successful Operation of Alberta Creameries

(Install Free Lance)

Last week's news from Edmonton that the local government has decided to take over the control and management of the creameries of Alberta, to extend the business along the same lines as those followed by the Dominion authorities, and if possible to even make the business more successful has given unbounded and universal satisfaction. In this district. Their further declaration that they will also handle eggs, and equip and operate packeries and cold storage for the handling of meats was unexpected but is none the less welcome news and is hailed on all sides with enthusiasm. Government ownership and control of public utilities is defined as moderate socialism and has had many able exponents among the advanced thinkers of the world. Many who a few years ago looked upon the proposition of Government ownership of public utilities as the idle dream of impractical enthusiasts are now quite prepared to admit that it may be an improvement upon the methods of the past, since practical demonstration has proved that it is more in the interests of the masses. On the other hand, Government control and management of what have for all time been looked upon as private utilities is defined as extreme or radical socialism. The operation of creameries and packeries will come under this last classification, yet our people with one accord welcome the news. We care little what name may be given to the business. We know from experience that government management has been a pronounced success while private management under practically the same conditions was a dismal failure. For several years our people struggled to make the creamery business go at first, until in despair they appealed first for aid to the Conservative government, but in vain, and then to their successors to come to their relief. The shareholders lost their money, the directors, manager and treasurer were personally liable for varying amounts ranging from \$300 on the part of the directors, to \$3,000 or \$5,000 on the part of the treasurer, John A. Simpson, when the Hon. Frank Oliver at the earnest solicitation of Mr. Simpson, prevailed on the Dominion Department of Agriculture to come to the relief of the district. They consented to manage a creamery at install on one condition, and that was that a new company should be formed which should buy out the old company at the valuation put on it by a representative of the government. They accepted the offer against their will and started under the following handicaps. Our people were generally not well off and could not furnish enough milk to ensure financial success. We were compelled to pay several times what the plant was worth, our patrons were uninformed as to principles of co-operation and they had little faith in the success of the business, yet in spite of all these drawbacks we have achieved great success. The business was run at a loss the first year. Last year the patrons received the largest price they have ever received and will receive interest at the rate of eight per cent on the amount of their shares, the same as they did the year before and a dividend in proportion to the amount of butter furnished. There has been a steady growth of confidence in the business and a steady and large yearly increase in the amount of butter manufactured. This result has not been reached by chance. What elements have contributed to this remarkable success? 1st. Entire confidence on the part of the people in government control. They know that it matters not if the superintendent should prove recreant to his trust their hard earned dollars are safe. 2nd. The superintendent has been efficient and has looked closely after the interests of the patrons and has conducted his department without fear or favor, doing always what in his judgment was best. 3rd. The employment of capable managers, who have occasionally worked for the interests of the business. 4th. The general hearty co-operation and help of the patrons according to their light.

Last, but not least faithful, intelligent, disinterested service on the part of the directors, who have co-operated with the department by enforcing their views and by teaching and precept putting in practice the truths that make co-operation a success.

The Churches

ANGELICAN

All Saint's Church, First street—Rev. H. A. Gray, M.A., pastor. Sunday—Morning prayer at 11 a.m. Evening prayer at 7 p.m. Holy Communion first and third Sunday at 11 a.m., second and fourth Sunday at 8:30 a.m. Sunday school at 3 p.m. Wednesday evening prayer and addresses at 8 p.m. All seats free. —Skating tonight at the rink.

—There was a light fall of snow last night, and the weather has turned colder.

—Rev. C. H. Huestis returns this afternoon from his trip to Calgary and Lethbridge.

—Lorne York and Archie Ogilvie leave on this afternoon's train to spend a week at Banff.

—On Monday afternoon, the Women's Literary society meet in Alberta College assembly room.

—The annual meeting of the Edmonton cricket club will be held on Monday evening in the office of H. B. Boyes and Co.

—J. Harry Alexander, of Toronto will sing solo in Grace Methodist church at the morning service tomorrow.

—Mr. Jackson Hanby will sing "I'm Sitting by the Side, Mary," at the choir recital, Queen's avenue Presbyterian church, St. Patrick's eve.

—Rev. Mr. McDonald, at the evening services to-morrow in the First Baptist church, will preach upon the subject, "The Prominence of Character."

—An entertainment consisting of instrumental and vocal selections, and recitations, is to be given in the Sturgeon Presbyterian church, Naino, on Friday March 16th.

—The subject of Prof. Alexander's lecture in Robertson's hall tonight is "Who are our Benefactors." To-morrow, Sunday at 3 p.m. and at 8 p.m., he will deliver lectures to men only.

—The services in the First Presbyterian church to-morrow will be conducted by Rev. Mr. Ewing, and after the evening service the usual social hour will be held in the basement of the church, when strangers to the city will be welcomed, and a bright program provided. Rev. Dr. McQueen is expected to resume charge about the First of April.

—The error occurred in yesterday's Bulletin in regard to the wording of the first paragraph on Page 1. It should read, "Geo. E. McLeod, returning officer for Peace River, and F. S. Lawrence, election clerk, arrived, etc." The deputy returning officer and the poll clerk for Vermilion were appointed at Vermilion.

—Lethbridge News: Rev. C. H. Huestis, M.A., of Edmonton, conducted the services at West's Church on Sunday. He preached two admirable sermons, his evening sermon on the essentials of religion being particularly inspiring. The seating capacity of the church was fully taxed by the large audience present. The musical part of the service was enriched with a choice solo selection by Mr. Kilner. On Monday evening Mr. Huestis gave a very interesting lecture under the auspices of the Young Men's Club on the subject, "The Mighty Dollar, or the Acquisition and Use of Money."

SOCIAL AND PERSONAL

J. J. Worth, of Calgary, is registered at the Imperial.

Hon. W. H. Cushing leaves for Calgary this afternoon.

Mrs. (Dr.) Hislop has issued invitations for a girl's tea this afternoon.

John Stocks, deputy minister of Public Works went to Calgary to-day.

Travelling Engineer Lewis, of the C. N. R. left for Vermilion on Thursday.

Mr. Guy Publow, of Calgary, left for Fort Saskatchewan on Thursday night.

Mrs. M. D. Griggs, mother of Mrs. S. A. Korns, Tenth street, arrived on last night's train from Oklahoma.

Mr. and Mrs. Rochon, of Battisford, who have been guests at the Windsor for the last week left for their home on Thursday.

Alderman J. C. Gibson, of Winnipeg, who has been in Strathcona for the past few days on business, is in the city over Sunday, registered at the Pendennis.

J. H. Morris returned on the C. N. R. last night from his eastern tour, having visited Winnipeg, Chicago, New York, Montreal and other wholesale centres.

Miss L. R. Marshall, formerly head trimmer of the millinery department of T. Eaton & Co., Winnipeg, arrived in the city on Thursday, and has taken a position with Miss Morrow, milliner.

Mr. and Mrs. D. S. McKenzie of Fourth street were the host and hostess of a pleasant progressive pedro party last evening. About eight couples were present. Miss Ethel Webster and Mr. H. Campbell were the fortunate prize winners.

TO VISIT FOREIGN LANDS

Mr. John A. McDougall, Mrs. McDougall, Misses Alice and Annie McDougall leave on the 4th of April on a trip around the world. Mr. McDougall, who has been engaged in active business life for many years, is taking a well-earned rest, and in company with his family will visit foreign lands. They will be absent for six or seven months. Leaving Edmonton on the 4th, they will travel by way of

Vancouver to Japan, thence to Singapore, India and on to Paris and London. They are to be accompanied as far as the coast by Miss Florence Forin, daughter of Dr. Forin, and Rev. Archibald Ewing will accompany them as far as London, Eng.

ANOTHER HOTEL IN EAST END

Another hotel is to be built in the east end. Paul Rudyk, who has been successful in the store business, real estate and other lines, has commenced construction on the South-west corner of Kinistino and Boyle streets on the lot previously occupied by his store.

The plans call for a three storey building facing on Kinistino with 60 feet frontage and 50 feet on Boyle with a wing at the rear. It is to be a frame building with concrete foundation. The entire cost of the building will be in the neighbourhood of \$7,000.

STOCK-JUDGING SCHOOL

The stock-judging school which will be held in the Massey-Harris building for two days, Wednesday and Thursday, 14th and 15th will undoubtedly attract a large assemblage of farmers who are anxious to learn whatever the experts sent out by the Government have to teach them. The lecturers of the day are J. Standish, V.S., of Walkerton, who will handle the subject of horses, and D. Anderson, of Rugby, Ont., who will talk on cattle, sheep and swine. On the morning of the 14th, the topic will be dairy cattle, and Mr. Anderson will take as his subject a dairy cow brought to the building by some local farmer and will proceed to show the good and bad points of the creature as they appear to him as a judge. In the afternoon Mr. Standish does the same with heavy horses and Mr. Anderson delivers another lecture on swine, while in the evening a lecture will be given on stock judging in general at some hall the location of which has not yet been decided upon.

The program for the 15th calls for light horses in the morning, beef cattle at 2 p.m. and sheep at 4 p.m., with a lecture in the evening.

SUMMER SPORTS

A public meeting is to be held on Tuesday evening in the Imperial hotel, at which every one interested in summer sports generally, and in lacrosse particularly, is requested to be present.

An effort will be made to form an athletic association.

The chief question which will be discussed will be the securing of grounds for the summer games. It has been suggested that a particularly large area be leased and fenced and utilized as a park, where all the games, lacrosse, baseball, football, could be played. But it is practically impossible, without the co-operation and assistance of several of the business men for a bunch of lacrosse boys, or baseball enthusiasts, to pay an exorbitant price for a lot and keep it in an up-to-date shape. The only spot in view at the present moment, and which has served the purpose in a kind of a way of a ball ground, is the vacant lots between Second and Third streets near the C.N.R. Even these may not be available for the coming season. Anyway it is hardly the thing that would be wanted this summer. What is required is two or three acres of good level ground, fenced in with a light high board fence, and a grand stand erected with dressing rooms beneath.

If there is anything that brings into prominence a town or city it is a victorious lacrosse, baseball or football team. And Edmonton has the material at hand for crack teams in any of these lines of sport, and should make a showing against anything in the West.

The football boys are already out in the field with the leather sphere, and have been doing some practising. The Edmonton football club will have a team ready for a game in a short while and the college are getting their eleven into shape. Baseball will also get a good start this year. Vinings, the crack pitcher, is back in the city, and nearly all of the other boys are here. In lacrosse too, there are good prospects, and several stick men from other places, who have read about Edmonton have sent in requests for a place on the team.

WILL START FOR THE POLE

Calgary Albertan: Early next week four noted explorers will arrive in Calgary, bound upon a journey to the North Pole.

The party is a Danish party under the command of Capt. Mikkelsen, of Copenhagen. Captain Mikkelsen is a famous explorer, and expects to achieve the hitherto impossible feat.

The party consists of four men. They will come west to Calgary, where they will separate, the captain going on to Vancouver. The other three members of the party will leave for the north, going in from Edmonton, taking the famous Edmonton trail, they strike the vicinity of the Great Slave Lake and the upper reaches of Mackenzie River. They will follow the course of the latter stream down to its mouth in the Arctic Ocean.

Captain Mikkelsen will journey on the north coast.
